 Other: 724-756-1900
 Emerg: 9-1-1

Our department also has access to three foam engine's that are available through our department by contacting Butler County 911 and giving them all needed information for our officer to contact the requesting department. Each unit carries 1000 gal of AFFF foam on board. These are oil refinery apparatus and do not carry water but have large pump capacities. If you would like more information for future reference please contact our Chief or E-mail us and he will get you the information.

Primary Contact:
Larry Martin, Manager

Hose Co #6 purchased Worthington Ambulance in May 2005. We now have 2 ALS Ambulances at that station (Station 2) and 3 ALS Ambulances at the Kittanning Station (Station 1) with an ALS crew at each station 24/7. We also can "page out" additional off duty crews to staff our other trucks anytime they are needed. Also, we can provide Firefighter Rehab with the trailer and equipment listed, which will have EMT's or Medics staffing it when requested.

Meetings

Name	Date	Time
Board Meetings	Second & last Tuesdays/Month	19:00 hrs

Equipment**Medical Equipment / Materials**

All Ambulances are ALS equipped including Life pack 12 monitors and autovents.
Each Ambulance carries 3 long boards.

Radio / Pagers/ FCC Information

Each truck has VHF radios monitoring 155.220 for dispatch, and have all Hospital frequencies programed. The first truck out from each station has 1 portable each with Butler frequencies. All employees have portable radios for on scene communications and for off duty notification if additional crews are needed.

Other Equipment

We have a 16 ft. trailer set up for Firefighter Rehab and Some Mass Casualty.
2 water misting fans, fold out canopy and stand alone canopy, 2 generators, Torpedo heater and radiant heaters. several small jump bags equipped with b/p cuffs and equipment for monitoring vitals. 15 gallon of drinking water, extra back boards and 12 portable oxygen bottles and misc. other supplies. This is towed either by an ALS licenced Squad or an ALS Ambulance and atleast a Medic or EMT driving.
